

## DXCC Record Sheet

\_\_\_\_\_  
Your Call

**Note:** Cards may be submitted directly to ARRL or checked by a DXCC Card Checker. If cards are sent direct to ARRL, it is not necessary to fill out this form. This form *must* be completed if a Card Checker checks the application. In *either* case, the cards or listed credits must be sorted first by band then by mode. If you fill out the form, supply all information as requested. Be sure to use the Entity name, not just the prefix. Cards indicating multiple contacts must be placed together. If cards with multiple credits are submitted direct to ARRL, a notation must be made on each card indicating which credits are to be entered. If no indication is made on a card, all credits will be entered into your record.

# Sorting Your Cards

It is extremely important that your paper QSL cards are sorted in the correct order, band, mode within band, multiple QSO cards at the end.

Sorting your cards this way helps streamline the data entry process.

Cards must be in the same order as they are listed on the record sheet.

Please remember that the sort order **MUST** be:

- Band First
- Mode within each band
- Cards with multiple QSOs should be grouped together at the end of your submission.

Example:

List all 80m CW cards, then all 80m phone cards, then all 80m digital cards.

Next list all 40m CW cards, then list 40m phone cards followed by your 40m digital cards.

Continue through each band in the same order.

Cards with multiple QSOs are to be listed at the end of the record sheet.

**Please DO NOT sort cards by prefix or country.**

**See the example below.**
